

# Making travel easy

FARA is a leading supplier of IT solutions to the public transport sector. We deliver solutions and products providing real-time information to efficiently solve the different needs of the stakeholders in the sector. Our intelligent and easy-to-use systems contribute to more efficient transit service, increased quality, and better safety.

FARA is facing strong international expansion with new products and features, and we are seeking highly motivated

## FRONTEND DEVELOPER

Place of work: Warsaw

We are looking for an experienced Frontend Developer that will join our skilled software developers. You will be developing a brand new web application for public transportation. You will have a high degree of independence on architecture, technologies, and tools used within the project. You will cooperate with a team of designers to help you continuously improve the developed product.

## Qualifications

- Love to work in a team and to collaborate with others
- Passion and interest in ensuring the quality of what the team delivers
- Strong technical and design skills and the ability to learn new technologies quickly
- Bachelor's / Master's degree in Computer Science or equivalent experience
- Good English skills, we use English daily

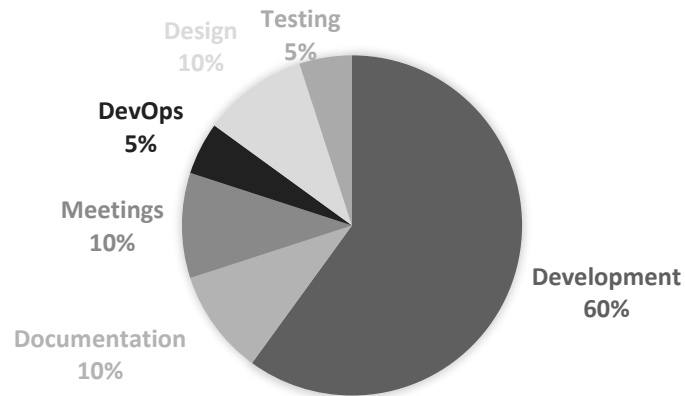

## MUST

- At least 2 years' experience in a similar role
- Very good knowledge of HTML5 / CSS3
- Ability to create clean and easy to read code
- Knowledge of commonly used design patterns
- Experience with responsive web design
- Experience with frameworks such as Angular

## NICE-TO-HAVE

- Experience with UI Test Automation in frameworks like Selenium, Protractor
- Experience with Bootstrap
- Experience with Continuous Integrations
- Daily work experience with Git and Gitflow
